- Escalators & Travellator

India Eastern Zone First Factory  
(21280 Sq. Ft. Area)

India Estran Zone Second Factory  
Having World Class Category Under Construction  
(93234 Sq. Ft. Area)

## About Us :

In the Year 1984 we started a Company named " KINGFISHER INDIA ELEVATOR " . Initially ,We were supplying all types of Elevator in some cities of India . In the Year 2001, we made an Elevator Factory in a 2 Storied Building covering an area of 12000 Sq. Feet near Kolkata.

With the intension of making our Company with a Brande name FRANKSON GROUP Trademark & C Marking, in the Year 2013 , we started a Private Limited Company named " FRANKSON AUTOMATION COMPANY PVT. LTD" . Then we started joint venture in technology replacement with World famous Branded Elevator Companies of China , Korea & European Countries.

FRANKSON GROUP is a growing Company . To provide better & prompt service & customer satisfaction , we started making a World Class Category Elevator Escalator & Travelator factory at Baduria covering an area of 57580 Sq Feet with four storied Decorative Office Complex Building. Now, We are importing 60% of the Materials from China , Korea , Europe & the rest 40% Materials are manufacturing in our own factory & then the Materials are being tested & assembled by our Qualified & Competent Engineer & then these Materials are installed in our Project site.

For Highrise Buildings , we are importing complete Lift Material from our associate Companies from China , Korea & European Branded Companies. You can compare our Lift Material with any Internationally reputed Branded Companies & this is our challenge. We have four types of Shipments & these are 1) Indian Shipment, 2) Chinese Shipment , 3) Korean Shipment , 4) European Shipment. As per the Customer's Project budget , we provide the Shipment.

Frankson Group (An ISO 9001-2008, ISO 18001-2007 & CE Certified Company) is a well known name in industry engaged in manufacturing, exporting, supplying and distributing of all types of high quality Elevators Escalator & Travelator. Our range of products includes Passenger lifts both with machine room and MRL, Home Lifts, Glass Panoramic Lifts, Hospital Lifts, Freight Lifts , Automobile Lift, Goods Lift, Hydraulic Lift, Escalators & Travelators. We are working on all cities of India & Nepal, Bhutan Bangladesh, Srilanka, Cambodia. Our Planning is to work on other Countries over the World. We have built a well developed infrastructure that is installed with latest machines and other related facilities that help us in fabricating the wide range of Lifts.

## Manual Elevator

*Quality, Simplicity, Elegance*

FRANKSON GROUP Manual door elevator are also durable by design and accurate by technology. We have a wide range of these elevators which are most reliable and designed to suit every construction requirement and provide best vertical transportation solutions, with trouble free performance and low maintenance cost. These elevators are perfect blend of good future of various types of elevators. These have excellent record of customer satisfaction.
